The Boss Odorox Hydroxyl machine

For the professional fire and water damage restoration contractor, "The Boss" can deodorize and decontaminate up to 2000 sq.ft. It is equipped with a variable speed control and hour meter. A washable filtration medium is available as an add-on item. It is easily transported from job site to job site.

This Odorox® product will eliminate odors caused by fire, flood, chemical spills, grey water, protein fires, mold and mildew. It's designed for heavy concentration processing. Works well for tenting situations.

Sonozaire ozone machine

Used to remove due to smoke, water, odors and mold and other offensive smell's
